

STATUS & LAUNCH PLAN

Team Blue Pandas

The logo features the word "Anchor" in a bold, white, sans-serif font, followed by a registered trademark symbol (®). The text is centered within a horizontal rectangular area. The background of this area consists of a series of concentric, wavy lines in two shades of purple, creating a ripple effect that surrounds the text.

Anchor[®]

Brief Overview

Journey

- Founded in 2015
- Acquired by Spotify in 2019
- Mission – Provide an easy way to create, distribute & monetize podcasts

Goals

- Making Anchor the ideal content creating destination built on trust
- Make Anchor a secure and seamless podcasting platform

Growth

- With realistic case scenario:
 - **40%** in user base
 - **30%** rise in revenue
 - **25%** rise in consumption

Revenue Model

- Freemium for podcast creators
- Ads by Anchor – Advertisers/Sponsors pay Anchor to pair their ADs to Podcasts

Why Spot-Hate!

- Survey suggested 27% rise in hate speech incident report
- Planned and timed it right, can potentially be the only **SAFE** podcasting place among the competitors

Prediction

- Spot-hate will increase traction
- Audience retention
- Attract sponsors
- Mitigate a pressing social issue

THE IDEA

Spot-Hate!

Detect hate content in the podcast recording using NLP to ensure a prejudice-free experience

Highlights

- Cutting edge tech
- Driven by advertisers and audience
- Garner more trust among users

Business Needs

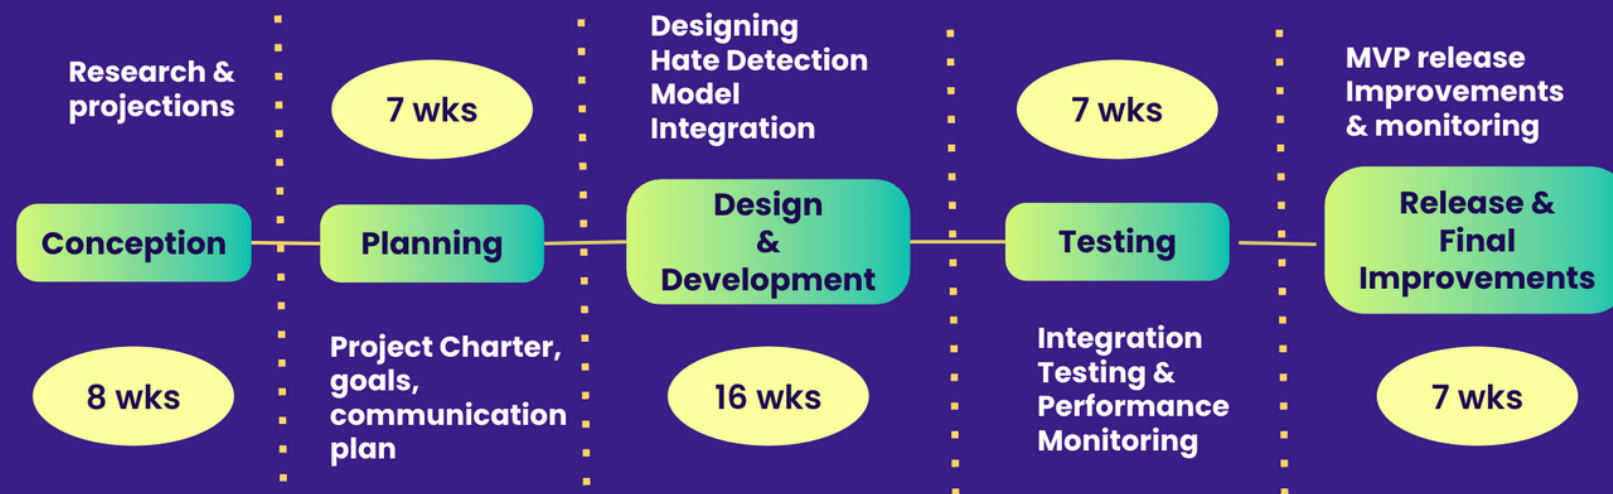

- Risk of losing sponsors/advertisers due to hate speech content
- 15% churn rate
- Loss of revenue generated from sponsorships and advertisements (primary source of income)
- Loss of listeners/subscribers (secondary source of income)

Customer Needs

- 59% Americans believe online hate promotes hate crimes
- Hate Speech detection and removal of hate content will create safe space for customers and content creators
